LOOKAROUND INFORMATION

The Sedbergh & District Lookaround is edited, published & distributed monthly by Dennis & Jacky Whicker and is printed by Stramongate Press. The content of The Lookaround does not reflect the views of the Editors.

Whilst every effort is made to ensure that information is correct, the Editors cannot accept any responsibility for any inconvenience caused through errors or omissions.

Copies are available from Sedbergh Tourist Information Centre, Premier Store, Post Office, Spar, Dent Stores & Barbon and by Post (please enquire).

All items for Lookaround must be deposited in the Lookaround Post Box which is situated in the Tourist Information Centre at 72 Main Street, Sedbergh.

ADVERTISING

For the benefit of advertisers, the following information will assist you.

If you wish to place an Advert in Lookaround, please include the correct money or cheque with the details and place it in the box. A receipt will be issued and left in the Lookaround Tray in the Office for collection.

Our distribution area is the LA10 Postal District which is Sedbergh and the surrounding villages, but it is sent all round the country and the world.

We are published on the 1st of every month (except January).

February to November is printed black ink on white. The December/January issue is in full colour. All copies have a full colour cover to indicate a new issue and photographs are requested from our readers who

will be credited.

We do not have whole page adverts but will allow two half page adverts opposite each other.

The Front Page is given priority to Event Adverts relevant for the appropriate month.

You can supply the information and we can create an advert for you. You can supply an example in hard copy and we will reproduce it (please mention if a particular Font is required). You can supply an original using Microsoft Publisher, a Word File, a jpg File or as a PDF.

If you order numerous adverts, the content can be the same every month or it can change if you are seasonal.

The closing date for new Adverts is 15th of every month. Renewed adverts and articles are 19th of every month.

Advertising rates have been updated: December 1991, December 1995, March 1997 & August 1999. (16 years ago.)

PERSONAL MESSAGES

These are £1 each and are for sending Good Wishes, Thank You's, Birthday Greetings, Anniversaries and any other celebration or congratulation. You may also sell personal items - not on a business basis, and also make an appeal for wanted items.

Details with respect to people Passing Away are inserted for free.

Please submit legible writing as many mistakes have been made in the past due to not being able to read properly.

GROUPS AND ORGANISATIONS

Any organisation that charges an admission, sells items or requires a

donation from the public for anything at their event and wishes to include details in *The Lookaround*, are requested to place an Advert with us. This can be supported by text which cannot all be included in the advert. Any report *after* the Event is free. The request for payment for an Advert is to assist with financing *The Lookaround* which has a large printing expense every month. We feel that the Advertising Rates are very reasonable. All Adverts for Events automatically have the details entered into the Diary Page at the rear of *The Lookaround*. If organisations do not wish to Advertise with us, details of the Event will still appear on the Diary Page, but no text will be inserted.

BUSINESSES

Adverts for the Rent or Sale of property are not Personals and can only be included in a boxed Advert.

If you are a new advertiser in *Lookaround* and you order 3 or more adverts, you will receive one free advert and can also include some text explaining who you are, what you are, where you are, etc (which can not all go into an advert) up to about 550 words for free.

If you have more than 3 months of

advertising, we will automatically send a renewal reminder should you wish to continue. If you order 10 months, we give you one free (making one whole year).

We respectfully request payment with ordering. Please make cheques payable to "Sedbergh & District *Lookaround*".

Payments by BACS can also be made.

Account: *Lookaround*
Account Number: 30940267

THOMAS B CAPSTICK

We would like to express our heartfelt gratitude to neighbours and friends, who over the past weeks have given us their support. For cards, flowers and messages received on the loss of Thomas on June 9th. To those who almost took flight on their Quad Bikes "rounding up" on the Howgills in April/ May (American Rodeo's would have been proud of you!). Thank you to those who made an early start on July 4th to ferry ponies and foals to J36. Thanks must also go to Richard Gardner and Ian Atkinson and their staff at NWA J36 who guided us with such professionalism and dignity (with some humour thrown in) up to and during the dispersal sale. Thomas loved his ponies, and referred to them as "my favourite things" - a sentiment not always shared by us when dealing with them at Murthwaite in horizontal rain - but we will miss Thomas, (and his ponies) very much. Thank you again. William and Mary Airey and Family.

JUNE WEATHER

Not what we normally expect of June but a bit of everything. We started with quite low temperatures and strong winds. In fact on the first two nights the wind chill took the temperatures well below freezing at 28F & 25F (-2C, -5C). It was, in fact, quite a breezy month with all but 2 days recording gusts in double figures. The strongest gust, 22.5mph, was on the first night. Temperatures were a bit variable ranging from a low of 36.3F (2.5C) to a high of 79F (26C) at the end of the 2nd week. We had a dry week during the second week of the month and recorded a total of only 1.64 inches.

To further suggest seasons are running late this year the swallows

hatched on 16th but last year they flew on the 9th although they were back at the same time in April. We've had a bonus of another nest of 4 eggs with swallows nesting in the donkey shelter. Unfortunately all 9 of the blue tits were dead by the 4th of the month. Was this down to the cold nights early on or a general lack of food as the young disappeared gradually? The 2 nest boxes in the field have not been used by blue tits this year. House sparrows are definitely bucking the national trend around here as we have had several clutches hatch. I haven't seen any baby tits yet so perhaps the nest we lost might be a sign others have struggled. One of my so called Embden goslings has

grown black wing feathers! The young silver pheasants are progressing steadily. I put some syrup on the swarm of bees to help them as there still seems to be a shortage of forage around. Have you seen any butterflies? They are certainly a rarity with us. We got the sheep clipped in time for Woolfest. Stuart Metcalf does an excellent job. He says clipping my Ryelands is like doing 2 of any other breed as they have wool everywhere. Some of our fleeces are on their way to Japan. Lambs are progressing except for the poor little runt. Whatever I do does not seem to make any difference. No doubt she will catch up in her own good time. Once again I could not make use of the decent week for hay-timing as it hadn't come on enough to make it worthwhile cutting at the time.

WHO NEEDS ALTON TOWERS?

Another topsey-turvey night was had by all at the latest Garsdale Parish Council meeting. Who said life in the country was boring?

The evening started quietly to the relief of the councillors after the mauling they received at the annual parish meeting. Kevin Lancaster, our District Councillor, brought us up to date with Post 16 transport (unresolved) and private water risk assessments (also unresolved). The clerk had received a long awaited reply from SLDC to a letter sent in March regarding the legalities and qualifications of the assessors, Tobin. Unfortunately, despite a four month wait, the wordy and rather lengthy reply addressed none of the issues

raised by council. And so the campaign for a fair and reasonable solution to worthless and highly expensive water risk assessments goes on. Council advice remains the same, hold tight until Kevin, Garsdale PC and Sedbergh PC finally wring some sense out of SLDC.

Unfortunately, it's still 'no hands at the pumps' for Post 16 transport. There appears to be no desire to put in place a suitable and cost effective transport system for our 16 to 18 year olds. This means that in September, Mums and Dads will be clogging up the roads, producing greenhouse gases to get their children to their places of education whilst the powers that be will be sitting in their ivory tower, rubbing their hands in glee at

the thought of a few miserly pennies saved, more money for some nice biscuits to go with their tea perhaps? Let's see what they have to say when the court summons arrives.

Back in Garsdale, the water supply at the village hall was still having a few teething problems but the end is in sight. The volunteers who had been taking turns to stem the floods under the floor were mightily relieved when one suggested "why don't we turn off the water at the stop cock when we're not using it?" They can now sleep peacefully in their beds at night.

The A684 and the Back Road was discussed and the councillors are becoming very weary at the lack of progress. The number of potholes is

increasing along with those lovely orange temporary fences that appear in the night to block up the holes in the walls. Council is determined that SLDC address these issues and a concerted effort is being made from all sides. Residents can help by phoning the SLDC Highways hotline on 0845 6066609 to report problems as often as possible.

The highlight of the evening was the decision to purchase a 'midgeater' that can clear over an acre of land from midges and mosquitoes. This will be used for outdoor events at the village hall but will also be available for hire for local residents.

The evening unfortunately descended into acrimony by unfair criticism levelled from a disgruntled

Sheepfest Workshops!

Sedbergh, Farfield Mill and Artsense combine with Pagoda Arts Liverpool to celebrate our heritage as a Wool Town and the Chinese Year of the Sheep!

If you're thinking of adapting or adding to last year's sheep – does it need a lamb or even a mate? – help with creating a new one (which we'd *really* like) – or just want to pick up some materials come along to one of our free work-shops. The inspiration of Artsense and learning new skills in great company made this the highlight of *Sheepfest 14* for many of you.

Just turn up – or phone Farfield Mill to book a date and time to help us spread the load for Donna, Emily, Sue and Kate.

QUEENS GARDENS

The Queen's Gardens Committee highlighted the ongoing consideration that needs to be given to the Garden's future maintenance, use and inevitable cost implications. It was further noted that the BBC may be approached to ascertain any interest in media coverage of a restoration project.

PROPOSED BMX/SKATE PARK

The possible development of a BMX/Skate park on the People's Hall field was discussed at some length. Members retain concerns relating to the extent of need for the facility and would expect the planned public

consultation exercise to provide some clarity on this point.

Other matters discussed included restoration of the Jubilee Fountain, further repair works at Queen's Gardens, the proposed relocation of eight recycling containers from Joss Lane to Spar and Highways and Street signs along with comments from members of the public.

Please note that members of the public are invited to our monthly Meetings where, as always, they are able to comment at 8.30 pm. Please also note that a full reference copy of all documents relating to meetings is held at 72 Main Street in the Parish Council Office.

As some of you may be aware I have recently been elected leader of the Liberal Democrats but I want to take this opportunity to reassure you that I will make sure that this will not interfere with my work as MP for Westmorland and Lonsdale, whether this involves working to address your problems, knocking on doors to find out what issues you have or even writing my monthly column for Sedbergh Lookaround to let you know what I have been up to over the past few weeks.

To be honest the election campaign did take me away from the constituency and my family more than I would have liked, 27 hustings all around the country does take quite a

bit of time. But that is over, Parliament is in recess and my time is now much more my own. Even with my new responsibility my plan is to continue to be home in Milnthorpe at least four nights a week, even during the times when Parliament is sitting. So Thursday nights can still be spent going out knocking on as many people's doors as I can before people start feeling that it is getting too late to open the door to a strange man and I will have a fair chance of being able to walk my youngest to primary school on at least one morning a week.

I even plan to run my annual summer tour of the constituency but sadly the election campaign and the copy date of *Lookaround* mean that I

COUNCILLOR CORNER

Congratulations to the Member of Parliament on his election as leader of his party. I don't think it is any secret that both locally and nationally my party has been looking forward to his appointment for a very long time.

It comes as no surprise that post 16 transport to school remains the

greatest concern to residents of Sedbergh, Garsdale and Dent and the subject provoked long discussions at all three parish councils. There is no doubt that the controlling administration on the county made a major miscalculation by going along with their officer's initial recommendation when they found themselves in power in 2013. I remain astounded that the policy was not rescinded as a mistake along with on-street car parking. Of the two, it was much the more harmful. It is easy in politics for an opposition to stand on the side-lines jumping with glee when an administration makes an ill-conceived "difficult decision" like this – I have seen it done to me. That is NOT what I want: I want a reasonable, effective solution which will put an end to the worry and potential expense in terms of both money and time for post 16 year olds and their parents. To that end I welcome the initiative by Sedbergh Parish Council to investigate the possibilities of counsel's opinion and perhaps something akin to judicial review.

Other matters of unhappiness, which should never have been a

problem are the risk assessments for joint private water supplies. This is particularly important in this ward with private supplies in all parishes apart from Kirkby Lonsdale. I think most right-thinking folk would support the actual testing of water for holiday homes: that is a duty of care towards the potential visitor. However, when it comes to risk assessments for private supplies what is the benefit ?

Garsdale Parish have been highlighting their unease since this was first announced. Now some assessments have come back there is prima facie justification for their concerns. I intend to table a series of questions at full council as I believe the whole mess reflects badly on South Lakeland.

I'm sure everyone who attended the events surrounding the town twinning celebrations enjoyed them. The hog roast in the churchyard went exceptionally well and who could fail to be impressed by the astonishing young pianist from Zreče. Later in the week, the bonfire had to be cancelled because of rain but my collection of ancient wellies remain to be chucked and disposed of at a future event. I know some of our Settlebeck students are looking forward to visiting Zreče next February.

SEDBERGH WANDERERS JFC

On Saturday 11th July our under 7's team of 7 players Charlie Rendall, Alex Sayner, James Moffat, Nathan Todd, Jack & William Dawson & Andrew Mitchell took part in the Crooklands Football festival in Barrow in Furness.

Considering the 74,000 population of the area and then take into account the catchment and resources of players all the big Barrow clubs can tap into, this was just meant to be a tournament experience for our young boys from Sedbergh.

First on at 10.00am v Hosts Crookland Casuals, we'd hardly got warmed up, but we held out for a 0-0 draw. Next up was the eventual winners Hawcoat park who only beat us 1-0 and that was a fluke off the side of thier lads head. We then drew 1-1 with Furness Rovers, then beat Holker Old Boys and Walney island both 1-0 each to eventually finish 2nd out of 6 teams, then try telling our boys we were only giving them experience. Considering the size of Sedbergh and us only having 8 under 7's lads all season, this was a truly David and Goliath adventure. We are just glad all our parents were there to

witness this event. Our boys to a man were brilliant.

The feedback, plaudits and clubs ringing for friendlies since then has been unbelievable. 12 months hard work paid off in 4 hours of football.

We now look forward to our own under 7's mini festival at Havera Park on Sunday 23rd August where teams from all different leagues will be descending on Sedbergh for a pre-season warm up event. Please give us your support, and If there are any boys under 8 or going into year 3 wishing to play football very regularly on Saturday mornings, please contact us.

Also with our fortunes going well on the field and with the Junior Football Club being as successful off it in the way of winning 6 grants, therefore because of the lack of sports equipment at our two local schools we have donated 10 footballs to the Primary School and 10 footballs to Settlebeck, which in return will benefit all the junior and senior footballers within the two schools in the long term. Sedbergh's football future is bright.

YORKSHIRE DALES NATIONAL PARK

National Park Authority chairman re-elected

Former barrister and circuit judge Peter Charlesworth was re-elected unanimously as Chairman of the Yorkshire Dales National Park Authority in June.

His re-appointment follows the announcement that he has accepted the post of chairman of National Parks UK, the organisation that represents the country's 15 national park authorities and promotes joint working.

Existing Authority Member Carl Lis, himself a former Chairman, was elected Deputy Chairman.

The Authority also has three new Members – all of whom have served on the Board at different times in the past.

Yvonne Peacock and Caroline Thornton-Berry, MBE, have been appointed by Richmondshire District Council to replace Malcolm Gardner and Stuart Parsons, while David Ireton from Craven District Council will fill the vacancy left by the death of John Roberts.

NATIONAL PARK NOTES

First things first! The little competition which I set in my last article (May issue) to name the number of mammals seen in the Parishes of Sedbergh, Dent and Garsdale received a small entry and was won by the person who recorded twenty one mammal sightings in our group of Parishes. Very well done and that will take a lot of beating. The prize was a copy of George Mombiot's book "Feral: Re-wilding the Land and Sea and Human Life" which I mentioned in my article as an exceptionally thought- provoking and interesting read.

I was delighted to read a report which was brought to the last Full Authority meeting on the topic of Carbon Savings. The Park Authority was awarded the national Low Carbon Council Award in 2012 and since then it has made further substantial reductions to its total emissions. These are divided into "Indoor" savings and "Outdoor" savings. As far as the former are concerned a reduction of 15% has been made in the last year alone by a combination of car-sharing, biomass

boilers, solar panels, a ground source heat pump, a greener transport fleet and more efficient IT systems. The quite startling statistics show that the use of heating oil fell by 87% following the installation of a wood pellet boiler at the Dales Countryside Museum and the heat pump at the Bainbridge office. Gas use fell by 75% following the installation of the wood chip boiler at the Grassington office, and electricity use fell by 39% as a result of a lot of measures including the introduction of solar panels at Bainbridge. "Outdoor" savings included since 2006 the planting of 651 hectares of broad-leaved woodland, support for green energy projects including hydro schemes at Linton, Halton Gill,

Bainbridge and Coverhead Farm providing in total enough electricity to supply 200 houses, and being a founding partner in the Yorkshire Peat Partnership restoring 15,600 hectares of degraded peat bog. Although the calculation is relatively complicated, all of these activities may well be reducing net CO2 emissions across the Park by around 17,700 tonnes a year. Not an inconsiderable amount! - and one which therefore makes considerable financial savings allowing the money to be spent on other National Park projects. I am proud that the YDNPA is able to show the way in this area and shows what can be done when there is a strong political will to make savings of the kind recorded above. Hopefully as

CURRENT ISSUES

Authority services [*Richard Burnett*]

Authority is still being severely affected by Central Government funding cuts. Further cuts announced last December will mean budget will have been reduced by almost 40% in real terms (2011-2016), and further cuts are likely. The Authority is facing some difficult decisions. Continuing to provide a high quality service in priority areas (Development Management; Rights of Way; Land Management; and, Volunteers) will depend on raising money from other sources. The Authority is exploring a number of options for doing this, including trialling charges for public

toilets at Grassington.

1) *National Park Management Plan 2013-18 [Gary Smith]*

The National Park Management Plan sets out an ambitious 'Vision' for the future of the Park, with local communities at its heart. It contains a series of specific objectives that many local organisations and local people are working together to achieve over the next 5 -10 years (see <http://www.yorkshiredalesmanagementplan.org.uk/>). Issues that the Plan tries to tackle include:

- Holding on to important local services, like primary schools and GP surgeries;
- Improving access to broadband and mobile phone coverage;

- Reversing the decline in the number of young people and people of working age;
- Providing more affordable housing for local people.

2) *Housing [Peter Stockton]*

The targets for new housing set in the National Park Management Plan are not being met. To try to speed up delivery of the type of housing needed in the Park, the Authority is reviewing its policies on local occupancy and site viability. Public consultation on the proposals ended on 1 May. The Authority is now considering the responses, and will include appropriate new policies in the final draft Local Plan (see below).

3) *Local Plan [Peter Stockton]*

Work is continuing on a new Local

Plan for the National Park. This will steer planning applications and other development decisions between 2016 and 2030. We want the Plan to encourage the sort of development that will help achieve the objectives in the National Park Management Plan (see above). Some of the big issues are:

- finding sites for new economic development;
- widening the range of visitor accommodation and visitor facilities;
- encouraging re-use of more redundant farm buildings, including allowing some roadside barns to be converted for local housing;

We have already consulted widely

on these issues, and are taking account of the responses. The final draft Local Plan will be published for formal representations in July.

4) *Parish Forums* [Gary Smith]

The Authority is setting up two Parish 'Forums' – one for the north of the Park and one for the south. The Forums will be an opportunity for discussion and liaison between the Authority and parish councils on any and all National Park issues. The Forums will be led by the four National Park Authority Members who are appointed by the Parish Councils. We recently wrote to all Parishes with further details, and the first meetings will be held in October.

FUNDING OPPORTUNITIES FROM THE AUTHORITY

1) *Sustainable Development Fund*

- A fund of £140,000 is available for 2015/16 for local projects that would have economic, social and environmental benefits. Full details are on the website.

Woodland Grants Available

Free advice and funding is now available for landowners wishing to create a new woodland, courtesy of local charity Yorkshire Dales Millennium Trust and one of the UK's largest commercial fuel card resellers, The Fuelcard Company.

A funding pot of more than £120,000 is available thanks to the generosity of The Fuelcard Company customers through the Ecopoint scheme. This funding will support the creation and management of native broadleaf woodlands in the Yorkshire Dales National Park and Nidderdale Area of Outstanding Natural Beauty (AONB). will also be considered if they meet funding criteria.

Applications will be managed by YDMT and eligibility will be assessed on a site-by-site basis. To be eligible for funding a proposed woodland should:

- Significantly conserve, enhance or add to the natural heritage
- Be accessible to the general public or be clearly visible from a public right of way, and
- Be supported by the local community.

Chris Lodge, Woodland Development Officer at YDMT said: "Working with our partners we can advise you on the planting design and specification, help you complete your application, identify other funding

opportunities such as the Countryside Stewardship Scheme, or contractors who may be able to carry out the work for you. So if you own some land and are thinking of creating a new woodland then we'd love to hear from you."

Whilst the main focus of applications should be the planting of native broadleaf woodland, other elements such as planting non-native species or hedgerows may also be eligible for funding providing they meet criteria around biodiversity and conservation.

Support may also be available to fund woodland management activities if they bring habitat improvement or benefits to protected wildlife species like black grouse or red squirrel.

By supporting the Yorkshire Dales Millennium Trust, via our EcoPoint scheme, means we can help customers contribute to their CSR targets and offset their carbon footprint, whilst significantly improving the landscape and natural habitat of the Dales. The YDMT do a fantastic job and we have been readily supporting their schemes since 2010”.

The range of support that the funding covers is diverse, from planting of trees and guards, fencing to prevent damage from stock grazing, gates to allow access and

initial weeding costs. In some circumstances applicants may be asked to contribute cash, materials or labour.

Planting trees is a long term investment which will bring significant and long lasting benefits to wildlife, the environment and the landscape for future generations, as well as potentially providing long term income for landowners.

The closing date for the first application window was 24 July and the deadline for the second window is 28 August. Other application windows will follow. To find out more and request an application pack please contact Chris Lodge at YDMT on 015242 51002 or email chris.lodge@ydmf.org.

MOTORING LAW

The Institute of Advanced Motorists (IAM) is warning people to be ready for a host of changes coming up in driving laws in the UK – and fear many are totally unaware of what's in store in 2015.

New regulations that have changed driving licences, drug-drive limits and speed limits have already taken place in 2015. There are, however, other changes expected to take place later in the year.

For motorists oblivious to these changes, the IAM is raising awareness to ensure all road users understand the new driving laws and changes.

In March a new law on driving under the influence of legal or illegal drugs including cannabis and cocaine and prescription drugs including diazepam, methadone and morphine came into force across England and Wales.

In July, the IAM revealed the true scale of drug-driving since the new regulations started and found 902 arrests have already been made by police forces. Motorists convicted of drug-driving will get a minimum one year driving ban, unlimited fine, up to six months imprisonment and a criminal record.

In April, the speed limit for the largest heavy goods vehicles (HGVs) travelling on a single carriageway across England and Wales increased from 40mph to 50mph, and on a dual carriageway it has increased from 50mph to 60mph.

Upcoming changes to driving laws will also see smoking in cars carrying children under the age of 18 becoming illegal from 1 October. Potential fines and penalties are expected to be announced closer to the time.

Sarah Sillars, IAM chief executive officer said: "This year has seen some of the biggest changes in motoring procedures we have ever seen. It is very important drivers and riders are fully up-to-date on what is happening – they will affect everyone in one way or another. So don't get caught out, get informed."

DENTDALE CHOIR

40th Anniversary Year

Calling all current members, ex-members and waverers ... with a **BIG SHOUT** for **TENORS**.

This year Dentdale Choir are celebrating 40 years of music making and we would like to invite new voices to join our anniversary singing. To inspire you here are just a few comments from current members.....
"inspirational and rewarding, the good simple fun of singing with a group of like-minded people who develop a

bond which extends beyond the choir".

" My stress buster for the week, wonderful."

" A sense of achievement, overall feeling of wellbeing after rehearsals and generally just good fun!"

"I joined the choir last year and was an absolute novice. I had never attempted anything like this before, but on listening to the choir sing at the advent service in Dent Church last December, I knew I wanted to be a part of it. I am not very musical and was not at all sure I could even sing very well, but I needn't have worried. The choir were so welcoming and I felt at home right away. We learned the music at a pace I could keep up with and I soon

found (with a little guidance) that I could follow the music with everyone else. I was soon looking forward to Tuesday evenings and relishing in learning a new (thoroughly enjoyable) skill.

I would really urge anyone who is contemplating joining us to just do it, you really won't regret it."

Maybe you are an ex-member and have forgotten how much fun Choir is? Perhaps you are nervous about singing publicly but secretly love belting out songs whilst driving or when you are in the bath or shower?

Dentdale choir is a thriving, friendly community choir and WE DO NOT AUDITION. Whilst we have some very accomplished musicians in our ranks, some of us DO NOT READ MUSIC AT ALL. We learn by ear, and with friendly guidance from older members.

Our eclectic membership is drawn from Dent, Cowgill, Sedbergh, Cautley, Killington, Barbon, Casterton and everywhere in-between. Car sharing to attend rehearsals is easily arranged and the choir welcomes new singers very warmly.

From September until the end of April we meet each week at 7.15 until 9 on Tuesday evenings in the Dent Memorial Hall with breaks during most school holidays.

Whilst we do need members to commit to regular attendance for

rehearsals and some home practising for any tricky pieces, our performance schedule is not arduous; usually a couple of short Advent and Christmas performances and then a Spring Concert at the end of term.

Group singing is a great way to keep mentally alert and physically healthy and some members of choir also regularly retire to the pub around the corner after rehearsals for some 'social time'.

On Tuesday 8th September at 7.15 we are hosting a recruitment evening and would like to invite anyone interested in joining the Choir to come along for a drink and some nibbles.

The evening will be a chance to meet the rest of the choir. You will get a taste of how rehearsals are structured, joining us in some physical warm ups and some voice warm ups.

We will also be listening to some of the proposed works for the year and making final decisions about Christmas concerts and anniversary celebrations.

Please join us on the 7th September at Dent Memorial Hall at 7.15- we very much look forward to meeting you, doubly so if you sing TENOR.

SEDBERGH WI

On July 8th we were treated to an excellent demonstration of flower arranging by Joan Bentley, who created five beautiful arrangements which were raffled at the end of the evening in aid of the national WI Pennies for Friendship scheme which supports disadvantaged rural women in many countries. Joan's arrangements are truly inspirational! The winner of the first raffle prize to be drawn was Pat Ramsden, present for her last meeting at Sedbergh WI after many years' service as Secretary and Programme Secretary first in Frostrow WI but continuing into the Sedbergh WI days. Those of us who have followed in her footsteps as Programme Secretary over the last five years have been grateful for her help and advice ever since! Thank you very much for all you have done for us, Pat! We wish you well in your new life in Grange-over-Sands and hope to see you from time to time.

The book group met at Gaynor's home on July 9th to discuss "Major Pettigrew's Last Stand" by Helen Simonson, a delightful tale of a retired Major in his late sixties in a small village in southern England who falls for Mrs Ali (of Pakistani descent but born and educated in England) who runs the village shop. Both of them are fairly recently widowed after long and happy marriages and now find they have interests in common, not to mention similar problems with the younger generation! The book is laced with gentle humour that had us chuckling aloud and we heartily commend it to you. The average marks given were between 8 and 9/10.

Rosemary Blanchfield is to lead the walking group on July 15th on a walk of around 6 miles along canal paths and shoreline in the Bolton-le-Sands area: with good weather forecast, it should be a glorious day...

HOWGILL W. I.

We would like to thank everyone who supported our Coffee Morning. It proved successful raising £205 for W.I. Funds.

We met at Howgill Village Hall on July 2nd, which was a lovely summer evening. President Bridget Postlethwaite welcomed all members before giving us a detailed report on the Centenary AGM held at the Royal Albert Hall. In attendance were Her

Majesty The Queen, President of Sandringham W.I., H.R.H. The Princess Royal and the Countess of Wessex. The Queen opened the meeting and accepted the Centenary Baton. Members and delegates in attendance did not vote on the "Failing to Care" resolution after agreeing to move on to the next item on the agenda. Bridget described the evening as a moving experience.

The July walk led by Vera Hodgson took place in the Troutbeck Valley. Six members spent the afternoon at Cartmel which has a beautiful, welcoming racecourse. There was an exciting atmosphere throughout the afternoon with a program of thrilling races. A dabble on the horses added

to the fun making it an enjoyable and memorable day.

Bridget welcomed Pat Ashcroft from Garstang as our speaker for the evening. She is well known for enjoying the outdoors and has a taste for tough challenges and adventure. We were given a humorous account of her five day trek in Iceland in order to raise cash for Mencap. She walked 15 miles a day reaching heights of 3,600 feet. She experienced snow fields, glaciers and numerous volcanoes. Pat has been supporting Mencap for 20 years. She said the trek was tough but achievable and if you want to experience the elements at the most extreme go to Iceland.

Liz Moore thanked Pat for a lively and inspiring talk. Pat later took part in social time giving us a humorous story about a comfortable pair of shoes which she had binned but were retrieved when she needed them to walk 3½ miles around London.

Liz Moore won the competition for a

holiday photograph with Bridget second. The raffle winner was Vera Hodgson. The evening was brought to a close with our usual Jacobs Join.

We meet on August 6th which is a "members evening" held at Firbank Church Hall. A.H.

THE AFTERNOON W I FOR THE ENTIRE DISTRICT

As my old friends Flanders and Swann sang in their "Song of the Weather"

"In July the sun is hot.

Is it shining?

No. It's not"

Well, last Tuesday we had a lovely sunny afternoon for our Annual Tea Party and we were able to revert to its original title of "**Garden Party**" as we were delighted to bask in sun outside for the entire feast. Indeed one delicate flower, who shall be nameless, was even seen covering her head with a newspaper to protect her nose from the burning ultra-violet and damaging infra-red solar rays! This year we enjoyed a new venue at the home of Sally Cragg who had really put herself out to make us welcome. She had driven back from London the previous day, arriving home after midnight. Thank you so much, Sally. We really appreciated your hospitality and thoroughly enjoyed ourselves.

The previous week four of us had joined an outing organised by our Cumbria-Westmorland Federation, to Heysham Power Station. Certainly not a 'Jam & Jerusalem' outing, nor yet a nude calendar! However, a rather more circumspect photo of our

group was taken but not by us as cameras and mobile phones had been forbidden. Somehow a single camera appeared when our guide said. "Has anyone got a camera?" We look forward to adding it to our scrap book when it is e-mailed to us – cyberspace permitting. The tour itself was very informative and we learnt a lot. The plant itself and all its huge installations were spotlessly clean and cared for – reassuringly so – and the safety aspects were emphasised by our guide. Our total coach-load of 40 members was split into several smaller groups for the trip around the plant which meant that we could hear and question everything. After our tour we went back in to Heysham

village to restore the inner man and have a wander round enjoying the views across Morecambe Bay.

Next month, on August 11th, we shall be leaving early for outing to Salmesbury Hall and Ribchester. We have a guided tour of the Hall booked and would be happy to welcome extra visitors. Contact our secretary, Susan Sharrocks (20754), if you would like to join us. Our Coffee Morning on June 24th completed the funding needed for the defibrillator for the People's Hall and this has now been ordered and will soon be installed. We shall continue to support the work of the First Responders. Our thanks to all who have supported us in this endeavour. *Wendy Fraser-Urquhart*

SETTLEBECK NEWS

Settlebeck Sport

We had another fantastic Sports Day this year. The rain didn't dampen the students' spirits and every child took part in the day. Settlebeck alumni will be interested to see the house results. Dale came in 4th place with 307 points, last year's winner Tarn was 3rd with 423 points, Ghyll came 2nd with 554 points and Beck was victorious with 581 points.

Individual successes were:

- Lower School Girls 1st Lydia Haigh, 2nd Maisie Gough, 3rd Kate Thompson
- Lower School Boys: 1st Cameron Horner, 2nd Lewis Garnet, 3rd Corben Haines

Daniel Peacock won the Alison Gardner Memorial Award for his enthusiasm and focus on the day.

I had the privilege of taking three of my talented netball players to the county trials in Carlisle on Sat 27th June. Masie Gough, Sophie Waller and Kate Thompson joined almost 100 girls from all over the county and our girls played fantastic netball. Sophie and Masie have been selected to play in the county development squad – a brilliant achievement!

The cricket season has drawn to an end, finishing on a high for the boys with them beating Cartmel Priory School, getting 38 runs with 8 balls spare. I'm looking forward to seeing those students we've selected to go to the County team (Aaron Troughton and Jay Ferguson) developing their skills even more.

Having worked so hard over the year, it was fantastic to go to my first ever Sedbergh Sports on Friday 10th July and see so many of my Settlebeck Running Club members competing in their yellow Howgill Harriers running tops - a fantastic performance by you all, you made me very proud.

As the Summer Term draws to an end (have we had a summer??), I am

beginning to plan next year's events. I reflect upon a fantastic sporting year at Settlebeck; winning the girls' rugby tournament, coming third in the boys' football County Cup and the Year 7 netball tournament, having students represent the district at athletics and cross country and many other County representations in other sports. For a school that apparently "doesn't do any sport", I hope my Lookaround blogs have made people realise this isn't the case.

Year 8 students have gone on the annual Settlebeck trip to France, a visit both educational and fun. They go Etaples war cemetery and a war museum, visit the Arc de Triomphe and Notre Dame as well as make a big splash at a water park, visit a sea life centre, planetarium and a whole host of other fun activities, including eating snails and, of course, speaking French!

Year 7 and 9 students get to enjoy a week of great activities at school – walking in the Howgills, making and eating Afternoon Tea, street theatre, sports and preparing our float for Kendal Torchlight. Year 7 also went to The Sandcastle at Blackpool and Year 9 had a trip to Edinburgh. Busy, busy, busy!

and 7th July was a draw due to "adverse weather". The match on Sedbergh School cricket ground on 16/17th July was Cumberland v Scotland under 17. Scotland won.

The Prep School celebrated the end of term with a very busy programme. There were two performances of Romeo & Juliet, done as a trial of the friar and nurse for causing the deaths of Romeo and Juliet with illustrative scenes, sports day, mothers' and fathers' rounders and cricket games, and a concert, as well as their Speech Day. The upper School, with many of the senior pupils having gone home already, was quieter except for the Leavers' Ball on 27th June. PEPPERPOT CLUB

With Autumn just around the corner and the beginning of the new school year not far off, maybe this is a time for considering what new opportunities are available for you and your children, for instance taking up a new activity, resuming something started earlier which never came to fruition or squaring up to a challenge. If any of these ideas appeals, Sedbergh Pepperpot Club has some suggestions to make, so read on

The Pepperpot Club came into

existence in October 1997 so has been up and running for nearly 18 years. During this period, the number of members rose to a high of 200 and it is not too far short of that number now. But what do these members do? Their prime aim is to help to provide musical opportunities for the young people of Sedbergh and in particular to make it easier for parents to encourage their child to learn to play an orchestral instrument, something which was totally free of charge 'in the old days'. When the Pepperpot Club began, parents were offered contributions to help them to pay the not inconsiderable fees for music lessons, a role now largely taken over by the Trott Musical Foundation, though there are occasions when the

Pepperpot Club steps in to help out. Pepperpot funds also go towards running workshops, helping with exam fees and the cost of music courses as well as supporting Sedbergh Orchestra. This means that those 18 and under can attend concerts free of charge and the cost of tickets for adults can be kept low, so everyone benefits. Members help to raise funds by going out and enjoying themselves! They pay £6 annually (£10 for two at the same address) and this qualifies them to receive lists of possible events to attend throughout the year. Anyone who opts to go to an event pays a £1 'peppercorn' over and above the cost of the event and the cost of the transport is shared. You are invited to

Please note that there is to be a Summer Concert at 7.30 on Thursday 27th August 2015 at St Andrew's Church, Sedbergh given by a string group as one of the Vacation Chamber Orchestras concerts. The programme includes music by Grieg, Elgar, Bartok, Malcolm Arnold and Puccini, so we are in for a treat provided by these young, enthusiastic and talented musicians on the brink of their careers. Tickets are £8 in advance from the TIC or reserved through the Pepperpot Club or £10 on the door from 7.00pm.

In the year 2000, ocarinas were introduced to Sedbergh at a short workshop on the middle Saturday of the first Sedbergh Music Festival. Martin and Ann Cook, both fine orchestral musicians, came to run the morning workshop. Amazingly, within a very short time a goodly crowd of Sedbergh residents, aged from seven to seventy, had mastered the art of ocarina playing sufficiently well to perform to the audience at the first Pepperpot Coffee Concert. There followed the setting up of ocarina class-teaching for the young ones at Sedbergh, Dent and Ravenstonedale Primary Schools. These groups also included adults. Recorder groups followed and since those days, many

youngsters have taken up orchestral instruments with some success and considerable enjoyment. Sedbergh Pepperpot Club has recently provided the Westmorland Youth Orchestra with a succession of double bass players, a cellist and a percussion player. Experience in the Pepperpot after-school orchestra has proved to be valuable preparation for this. This orchestra is open to children from other schools, as well as to adults who want to take up an instrument again or even start from scratch. All of this activity was strongly supported by the head teacher, Mrs Maggie Cullen, who insisted that we should not pay for the use of the school so long as there was no charge for the children to attend the orchestra. Her successor, Mrs Debby Wilson also valued the Pepperpot input. In the early days, 'Pepperpot' was run by Judith Bush with the help of Ann Wright. This was an interesting time with several adults taking part on violins, a cello, a clarinet and later a xylophone. The children were a support to the adults and vice versa - a valuable relationship. Where have the aspiring adults disappeared to?

Many exciting activities have occurred over the years, too many to cover here, but this potted history brings me to the other items in the heading. At the time when the children have the opportunity to start an instrument, it could be 'a good thing' for a parent to revive or take up an instrument as well and learn alongside the child - it makes the experience much more fun for both. This is already happening with one (well known) mother-and-child in Sedbergh (whose privacy will be protected!) who are borrowing violins of very different sizes from the extensive range of instruments, many of which have been gratefully received as gifts from a variety of

Dent Grammar School Educational Foundation

Registered Charity No 1012330

A vacancy has occurred for the post of

Property Manager

for the Dent Grammar School Educational Foundation

The DGSEF is a local charity based in Dent with 3 properties to care for:

2 flats in the original Grammar School building and 1 family dwelling in the Grammar School House. The main aims of the charity are to give grants to local students under the age of 25 and following the resignation of the current Manager, for whose dedicated service over recent years the

Trustees are most grateful, we are looking for a person to continue supporting the Trustees in their role of managing the charity's properties.

The post requires a few hours per week, depending on requirements of the properties, and carries an honorarium of £250 per annum, paid in March and September.

If you are interested in such a part time post and would like further details and a Job Description, please contact the Clerk at dgsef1@yahoo.co.uk

donors, one of whom lives in Scotland, one in Canada and one even in Australia!

You are invited to borrow instruments and do what is described above!

There is no fee for borrowing, only the annual insurance premium to pay and this is usually very modest.

Occasionally, when a particular need arises and we have no instrument that 'fits the bill', a new instrument is bought for the purpose, so you need not necessarily restrict your request to those in the list below. We always make sure that every instrument is well set up at the outset and we take care of any necessary repairs, making use of specialists and the insurance cover that is in place.

Accidents do happen, but we expect that borrowers will give the instruments the respect they deserve!

We have many contacts in the instrumental teaching world and could help to fix up some lessons if required. The loan scheme has been in place and has worked successfully for many years. A number of instruments are out on loan, some for a long time and others have been lent out to several different users, especially the smaller stringed instruments which have quite a quick turnover as the children grow and need larger sizes. We already have a few lent out to adults in Sedbergh, and some were lent to users in the Carlisle area, through a particular teacher. Two sisters, helped in this way, both gained distinctions in Grade 8 before getting their own instruments. They played beautifully at the Pepperpot AGM and Summer Party in July. But it must be said that youngsters in Sedbergh and District will always take priority.

Below is a list of the instruments which the Pepperpot Club owns, including one or two which are kindly loaned to us for the purpose of

SEDBERGH SONGSTERS

The group is now on holiday for the summer but will be starting again on Monday September 7, at the usual place and time - Gladstone House at 10:30am. We sing a number of well known songs which many of us remember from the 1950's, 60's and 70's - as well as some timeless rounds and folk songs, which many of the singers remember from the popular 1950's and 60's radio programme Singing Together. just those who remember it from being children - one of our singers was a teacher who remembers turning on the wireless at the set time and helping the children to sing along with the songs which were broadcast and sung by other schools the length and breadth of the country.

The Sedbergh Songsters was founded by the combined efforts of Dignity in Dementia and Age UK and is especially welcome by those who have Alzheimers and their carers - there is a lot of research to show that part of the brain which remembers all the old songs is relatively unaffected by the disease allowing them to enjoy the singing - along with anyone else who would like to join us.

As well as singing at the

Ambassador's Concert at the end of the June, the group sang alongside the Singing Cyclists who were visiting Sedbergh en route from Whitehaven to the Whitby Street Choirs Festival at the beginning of July. With over 30 singers, we had a wonderful morning of singing together before the Singing Cyclists leapt back on their bikes and took off for Wensleydale and the North York Moors.

Do join us if you can - your singing will be most welcome, but also we have all enjoyed the many memories which the songs have inspired - which have included stories about seeing the Beatles when they first played in the Cavern, and going to see the show South Pacific.

SEDBERGH DENTAL PRACTICE

We will have been at our new premises for two years this September, and it is hard to tell where the time has gone.

At the practice we have been working very hard to maintain and improve our facilities and standards. Recently we have upgraded our x-ray facilities to a digital system. This is a state of the art technology that provides clearer images at a significantly lower radiation dose to the patient.

We are very proud to announce that Becky and Jen have both completed and passed their Dental Nursing Certificates this Summer. This is the culmination of over a year of hard work and recognises the excellent standards they maintain.

Ben is now half way through a postgraduate diploma in endodontics. Continuous development in all areas of dentistry allows the practice to offer up to date treatment, and invest further in areas to improve the quality of our patient care.

We have also maintained our status as a training practice for 2015-16. This involves a rigorous selection process, and inspection of our facilities to ensure we are meeting excellent standards in cross infection control, patient care and education.

We are sad to announce that after three years at the practice Wendy Thompson will be leaving us. She has been accepted on a PhD program starting in September. We are very grateful for the care she has provided at the practice, and wish her good luck in these future studies.

Happily we can report that Katie

Mackay will be increasing her role at the practice from September to continue the care that Wendy has provided. Katie has been at the practice for a year now and we are very pleased that she has agreed to continue this role. She is a caring dentist with a passion for the outdoors. Currently she is away climbing in the Karakoram, and we look forward to hearing about her trip upon her return later in July.

We value your feedback at the practice and would welcome any comments and suggestions about how to improve the service we provide. There is a feedback questionnaire available in the waiting area, or alternatively ask Anita at reception for more information.

Please call us if you have any questions about your dental care, one of the practice team will always be happy to help you.

SEDBERGH & DISTRICT HISTORY SOCIETY

On the third summer trip of 2015 members of the Sedbergh History Society paid a visit to Queen Street Mill. It is a magnificent Grade 1 listed building near Burnley one of about 600 in the town in the nineteenth century. We were expertly guided around by David Cannon, who as a young man, had worked in the Mill for a short time before embarking on a career as a teacher.

Queen Street Mill was built in 1894 on high ground in Harle Syke overlooking Burnley. It was originally capitalised with £20,000 in £5 shares. The first board of directors included several weavers, a headmaster and a glazier. Queen Street Mill finally

closed as a commercial producer of grey cloth in 1982, and it was subsequently taken over by Lancashire Museums. Today it is the very last surviving operational steam-driven weaving shed in the world.

As soon as they arrived, members of the Society were impressed by the imposing size of the mill. The chimney is 121 feet high, and the single-storeyed weaving shed is 560 ft. (nearly 200 yards) long by 520 ft. wide. In its heyday the weaving shed housed 990 looms. In addition there is a very substantial boiler room, an engine house, and a four-storey warehouse. Outside a very large reservoir runs the full length of the weaving shed.

Two Lancashire boilers built by Tinker, Shenton & Co, Hyde produced the steam and both boilers were stoked manually. The coal came from the nearby Bank Hall Pit. At its peak the boilers consumed six tonnes

of coal per day. The steam produced by the boilers still powers the original compound horizontal stationary steam engine. In turn it drives a magnificent 14 feet flywheel, which revolves at 68 revolutions per minute. William Roberts of Nelson built the engine in 1895. It has never been moved from its original location. It is a triumph of Victorian engineering, still gleaming as brightly as it did on the day it was built and still running perfectly true. Power from the crankshaft is taken by a series of directly driven line shafts to power the looms in the weaving sheds.

When the yarn for the weft entered the mill it had to be wound onto bespoke pins that would fit in the shuttles that are installed in the mill. The warp has to be taken from 300 bobbins on a frame and wound onto a beam. They are sized to stiffen the thread and to reduce friction. Members of the History Society learned about the variety of intricate work done by reachers-in, loomers, knotters and tacklers. Harling & Todd of Burnley manufactured the Queen Street Mill's 990 Lancashire looms. One weaver would 'tenter' six or 8

looms at a time, and at the height of production 65 to 80 weavers and 3 tacklers were employed in the mill.

Three things impressed members of the History Society in particular. First, the ingenuity of Victorian engineers who had to solve a myriad of taxing problems in order to make their machines work efficiently; second, the precision and operational power of the machinery in the boiler room and engine shed; third, the tremendous racket created by the looms in the weaving shed; fourth, the dangers and challenging nature of the weavers' work - so many moving parts, such frenetic speed; and fifth the need for such constant concentration throughout very long shifts.

Members of the Sedbergh History Society are very grateful to David Cannon and his colleagues for providing us with such a rare insight into our industrial past.

SINGING SLOVENIA MAY TOUR

Our singers went to Slovenia for a week at the end of May. We started in Bled where we avoided the somewhat over-commercialised town by staying in a nearby "Tourist farm," with home grown food and a traditional Slovenian welcome. The farm had clearly had other English people staying there before because unlike many other hotels in Slovenia we all had kettles in our bedrooms, teapots and English tea.

A couple of years ago I had met Klemen Langus, the director of tourism in nearby Bohinj, at a meeting in the Houses of Parliament where he invited us to join his Wildflower Festival. Last time we went with embroidered squares depicting wild flowers and local scenes from Sedbergh and these were displayed alongside almost a 1,000 other squares at the opening ceremony. This year we sang alongside a male voice choir in the mountain village of Stara Fuzina, who have a tradition of singing love songs down the village streets, religious songs at the shrine of the Virgin Mary, and then drinking

songs in the pub - I am very pleased to say that our choir was able to match them with both Slovenian and English songs.

We also attended the opening ceremony in the valley's main town, Bohinjska Bistrica, with local folk dancers and musicians and some fabulous displays of local crafts. And then joined a feast in the town hall where among over 500 Slovenians we met a man from Inverness who works with my friend Eleanor Garty who came with me on my first visit to Zrece at Christmas 2004.

En route to Zrece, we called in to sing with our old friends the Repensek family singers who live in Mozirje where we had lunch together, toured the fabulous botanic gardens, and then travelled up to a mountain refuge high above the town where we sang songs about mountains, wine

and friendship.

Our accommodation in Zrece was just as comfortable as in Bled - the singers especially welcomed having luxury en suite single bedrooms, as well as stunning views down to the wooded hillside to Zrece. As well as singing in the romantic hilltop church at Resnik, and on walks over a wooded the hill near Zrece with the singing sisters Pevke iz Brinjeve Gore, we went to visit Skomarje where we have stayed on many previous occasions with our singers. On this occasion we were surprised to find the local population swelled by what seemed to be half of Sedbergh who were visiting to celebrate our ten years of town twinning.

It was also a delight to meet so

many old friends - especially Igor Cvetko who many of you will remember came with the first group of singers from Zrece - Ljudski Pevci iz Stranic - and then on a later occasion with his wife and puppet theatre Zapik which they performed above the Sedbergh library, and on a tour I arranged for them which included Kendal Mintfest, the Whitby Folk festival, the Edinburgh fringe festival, a surprisingly well attended show in Martindale after crossing on the Ullswater Steamer, and in Cambridge and Newark. Other old friends included Anton Roser who came with Ljudski Pevci iz Stranic, the Zrece singer Marjan Hren and his group Odmev, Andrej and Peter from the Skomarje folk dancers, and many

As well as singing at the Waldorf School in Ljubljana where we were made very welcome by our old friend Igor Velepik, the highlight of our visit was of course singing alongside the Zrece choir Zbor Jurij Vodovnik in the huge Zrece hotel Dobrava - and afterwards more informally over dinner in the hotel. Many of the singers have been to Sedbergh on at least two occasions now, our differences in time and place seem to melt away in the camaraderie and the enthusiasm of the singing.

In a conversation with the British Ambassador, Her Excellency Sophie Honey, she apologised for not being able to come to our concerts in Zrece and Ljubljana - as well as having a

new baby, she has recently taken on the post and has a very busy schedule so was sadly unable to join us. But she did send her best wishes to everyone and congratulated us on our efforts in making such a good connection with our twin town. In an interview which can be seen on the Government website, she says how much she enjoyed hearing our group from Sedbergh singing Slovenian songs, and that it is human links like the ones between the good people of Sedbergh and Zrece which are most important in the relationship between our two countries.

We are now off to sing alongside Slovenian choirs on a tour of Triglav, Slovenia's highest mountain, with concerts in mountain refuges on the

TOWN TWINNING CELEBRATIONS

In the last week of June, Sedbergh was delighted to welcome a large party of Slovenians from our Twin Town of Zrece in Slovenia to celebrate ten years of twinning. In readiness, a welcome banner in both languages was hung on the church railings and the Zrece pennant suspended from the church flagpole. Late on Sunday night thirty students from the Zrece school with their teachers came by bus collecting Mayor Boris Podvrnsnik, head teacher

Peter Kos and seven musicians from Stansted airport en route. The next day UK Ambassador Tadej Rupel, his wife Valentina and family arrived by car. Meanwhile the students enjoyed activities with their contemporaries at Settlebeck School and a splendid picnic lunch provided by the catering team at St Andrew's. Mayor Boris and musicians sang their way to Ambleside and back on the historic motor vessel 'Tern having' on Lake Windermere travelled to the Lakes in a Sedbergh School minibus appropriately trimmed with Zrece regalia. All came together that evening with a grand hog roast and concert in St Andrew's Church.

Sedbergh Town Band entertained everyone in their usual rousing and professional style then, fortified by roast pork butties (with all the trimmings) and the splendid wine which our guests had generously provided, we gathered inside the church for a concert by the students and musicians. A medley of instrumental virtuosity, harmony singing and poetry read in impeccable English by the youngsters exceeded all expectations. The warmth and charisma of our Slovenian friends reminded us why we had voted for them so overwhelmingly 10 years ago. The evening was rounded off in style by Sedbergh's renowned Early Music Group, Cornucopia.

The next day the school party left to visit various Liverpool attractions and Ambassador Rupel and family heard Slovenian sung at our primary school

then visited Holme Farm for an opportunity or the children to meet and feed a wide variety of friendly animals. An informal lunch at the Cross Keys followed.

On Tuesday evening David Burbidge presented a concert of music and singing in both languages including the young instrumentalists of Sedbergh Primary and Settlebeck schools and the impressive "Dignity in Dementia" local group.

On Wednesday and Thursday the students visited Carlisle Castle, Hadrian's Wall and walked in Rydal and Grasmere accompanied by their new friends from Settlebeck who also joined us all for a farewell evening at Howgills Bunk Barn.

None of this could have happened without the support and sponsorship of so many generous people in Sedbergh including Howgills Bunk Barn, The Bath House, Romney's Kendal Mint Cake, Sleepy Elephant, Sedbergh Soap Company, Sedbergh

SLOVENIAN AMBASSADOR'S VISIT

Many thanks to everyone who helped make the visit of the Slovenian Ambassador Tadej Rupel and family to Sedbergh so special. He wrote a letter saying how much he enjoyed his visit:

"We were most impressed by the beautiful countryside and the friendliness and kindness of the people.

"We very much enjoyed the whole trip and the programme prepared for us. The concerts were delightful, and we were deeply moved with the brilliant rendition of the Slovenian National Anthem so well learned by the children of the primary school and your choirs in the evening concert, especially as Slovenian is not the easiest language to learn.

"I look forward to our future cooperation."

Many thanks to Rosemary Handley who provided accommodation in her

home for the ambassador and family; David Metcalfe who showed them round Holme Farm and helped the children to feed the animals; the Town Twinning Committee who arranged a lunch for us all at the Cross Keys Inn; to Anne Pierson who showed the ambassador and family round Farfield Mill; the teachers at Sedbergh Primary School who made them so welcome, and the children who asked the ambassador so many interesting questions - Slovenian bears was a very popular subject!

And finally thank you to everyone who made the Tuesday evening concert such a success - the kind help given by the People's Hall and Steve who provided lighting, the 150 of you who came to join the audience

and were so enthusiastic in your applause, Dennis Whicker who MC'd so expertly, Garth Steadman who roasted a pig which Tony Reed Screen helped to serve during the interval - and all those who played and sang - a wonderful showcase of the talent in Sedbergh with performers aged from 8 to 90.

Lep Pozdrav iz Sedbergha sang their Slovenian songs - some of them with Lakeland Voices community choir who also sang a number of English folk songs; the Sedbergh primary school choir, who although small put on a fantastic show with movement, song and harmony led by Jane Lawrence; Carole Marsden and her Settlebeck Band; Carolyn Francis with her Sedbergh Common Ground

Ceilidh Band and Lakeland Fiddlers - and a special and very welcome performance by her student fiddlers from the primary school; and finally the recently formed Sedbergh Songsters who sang a couple of songs from those sung at their weekly singing session on Monday mornings at Gladstone house.

One member of the audience was the mother in law of Maureen Lamb's son who was visiting with her family. She is Slovenian and said how delighted she was to come to this green and leafy corner of England and hear Slovenian songs being sung. She was especially pleased to meet the ambassador because she had been taught English by his mother in Slovenia. *David Burbidge*

SEDBERGH COMMUNITY SWIFTS

In July more swifts were seen flying over Sedbergh and Dent, particularly on fine evenings or in muggy weather when the insects were lower. It was a busy month for swifts, feeding their chicks for the final weeks in the nest.

Each day a swift catches many thousands of insects, such as midges and mosquitoes, which should please most people! Insects collect in the swift's throat, distending it into a pouch, and the contents are then disgorged into the beaks of the hungry chicks. At Lowgill, even in poor weather, we have recorded an adult coming back to the nest with a full pouch after only 10 minutes.

They often fly very high in search of insects, and can sometimes be seen hurtling around on the top of the Howgills and other fells. They can also fly a few hundred miles away in search of food if the weather is bad.

Screaming parties of swifts were also seen in July and many of these are non-breeding birds that are prospecting for suitable nest sites for the following year. They zoom up to eaves and gable ends, practising how to access the crevices.

At the end of July, or beginning of

August, the chicks make that momentous maiden flight from the nest. Unlike many other birds, they will not return to the nest, and must feed on their own and be fully independent of their parents. They join other swifts in the air, and astonishingly, in less than a week or so, will embark on the long migration back to Africa.

Swifts are one of the first summer migrants to leave. Usually our swifts will have departed by the first week of August, so as you read this our skies may be silent once more. They will spend the winter in Africa, and amazingly, will stay entirely on the wing until they come back here next May.

Swallows and house martins differ from swifts in that they stay here longer, into September and even early October. They also differ from swifts in that they have more than one brood, and the chicks continue to be fed by the parents after they fledge.

When August comes I always miss our wonderful swifts and never cease to marvel at their incredible life in the air. But it gives time to plan for what we can do to help them, ready for their return. Don't hesitate to get in touch for help and advice and make Sedbergh, Dent and all the surrounding area swift-friendly:

WALK FOR ANITA

LANDS END TO JOHN O'GROATS

After a couple of days rest, I returned to a cold, windy and very wet Glasgow to initially follow the Clyde and then the Kelvin Walkway to the start of the West Highland Way at Milngavie. I had taken a gamble that my boots would see me all the way to the end, but by early afternoon my feet were awash and closer inspection revealed that they had worn and torn more than I realised. Cue outbreak of panic before my daughter came to the rescue by parcelling up my spare pair and forwarding them to my next B&B.

The first two days on the WHW to Rowardennan are relatively easy walking on good and well signed

paths .I saw Loch Lomond for the first time from a forest track just out of Drymen and walked along or above it, often through forest for the next two days until reaching the eccentric Drovers Inn – with its stuffed animals -at Inverarnan. An easy day to Tyndrum followed and then in welcome sunny weather I had a magnificent day's walking first to Bridge of Orchy and then over remote Rannoch Moor and onto Glencoe. I reflected that this was my third visit to Glencoe and first when it had not been shrouded in low cloud and rain. It made up for it the next morning when, after an initial steep climb, I made my way on to the former aluminium town of Kilochleven. I finished the WHW when I arrived in

Fort William the next day after comfortably the most scenic – and possibly wettest – few days of the walk, and two days rest (and more rain).

I left Fort William early on a wet Sunday morning on the Great Glen Way and picked up the Caledonian Canal at the famous Neptune's Staircase, a flight of sea locks, where I saw a handsome high masted boat waiting patiently to "climb the staircase". I had over 23 miles to walk to Laggan, some of which was improbably spent in a telephone box sheltering from torrential rain, before a drier afternoon by Loch Lochy. There was yet more rain the following morning as I made my way along Loch Oich and then the Caledonian

Canal again to a busy Fort Augustus: busy with tourists and also boats waiting to enter the locks to enter or exit Loch Ness. My best views of Loch Ness came from the high forest track I followed to Invermoriston, though not as spectacular as the next day when there were more gaps in the forest and the sun was shining on a very still loch with no obvious monster activity.

I was pleased to leave the unbelievably tacky Drumnadrochit and head over more high forest tracks, before leaving the GGW to walk lanes to Muir of Ord on the Black Isle .In fact apart from a little beach walking, the rest of the walk was to be spent on roads and lanes. The day started hot and humid; by afternoon I was sheltering under a hedge to escape the worst of a violent thunderstorm. The next day – in more agreeable weather – saw me pass through Dingwall and along a road above the Cromarty Firth to Alness and my last rest day before the final push to JO'G.

Just when I thought the weather couldn't get any worse, it did. My waterproofs failed me and en route to Dornoch I stopped in Tain for a coffee and shelter, making an embarrassingly large puddle (from my waterproofs!) on the café floor.

This was the day I was also introduced to the dreaded A9, on which I was to spend much of the next three days. The complete absence of any footpaths, trails or even convenient lanes leaves you no alternative but to take your life in your hands. The next two days to Brora – via the delightful Loch Fleet and its seals- and Helmsdale were bad enough, but the following day- the 23 miles to Lybster via The Ord of Caithness and Dumbeath- was truly terrifying. Low cloud and mizzle at times reduced visibility to less than 75 yards, and with often no verge or refuge, dodging the oncoming traffic required concentration and nerve (both of which just held out).

I knew that once I reached Lybster the hard work was done and I could even allow myself the luxury of thinking about the finish. Busy roads and steep hills were left behind for the remoteness and solitude of the Flow Country and winds of Caithness

as I walked via Watten, and on the last day, with increasingly heavy legs, onto John O'Groats to be met , most happily, but quite unexpectedly by my children Richard and Jenny.

So it was over. 1009 miles over 64 walking and 16 rest days through some of the best scenery the UK has to offer. I have been overwhelmed by the kindness and generosity of those who sponsored me, supported me with messages and the people I met along the way. I had also fulfilled my personal challenge of walking the length of the UK in memory of my late wife Anita whilst raising over £10,000 for Genesis Breast Cancer Prevention. To answer the question I have already been asked a few times, no, I don't have another walking project planned. Yet.

CHURCHES TOGETHER

News from St Andrew's Dent and St John's Cowgill

Many friends from Dent and Cowgill attended the licensing of the Rev'd Andy McMullon (Vicar of Sedbergh,

Cautley and Garsdale) as the new priest in charge of the Lune Parishes on July 5th. With him are the Archdeacon of Westmorland and Furness, Penny Driver, and Rev'd Christine Brown who is now licensed as Hon. Assistant Priest for Dent and Cowgill and the new Western Dales Mission Community. In June, representatives from all the Anglican, Methodist and URC churches in the area met together and decided unanimously to work together as churches committed to mission in the following declaration:

"We commit ourselves to being part of and developing the Western Dales Mission Community, to work out the details and pray for guidance as we go forward together."

Soup, Sweets and Songs at Cowgill Church

As part of an initiative to raise nearly £6000 to restore Cowgill Church organ a most enjoyable lunch was organised by Rita Corpe last June at Cowgill Church. A wonderful selection of delicious soups and sweets were enjoyed by about 30 people in a lovely atmosphere of friendly community spirit. Once we had finished feasting, Roger Bush gave the organ a good work out as he led us in our favourite hymns, each one selected by those attending. We were also very pleased to meet our new organ builder, Mr Derek Matthews at the event, who explained to us how the organ would be restored. Thank you to Rita and the helpers for this

amazing effort which raised an extremely good £381 for the organ. **Bringing the music of Taize to Dent**

A large number of visitors from the Music Festival joined locals to experience a special service which introduced everyone to the simple but beautiful chanting of the Taize community in France at St Andrew's Dent. It was completely different to our normal services and helped us to enjoy God's presence and peace. Thank you to Roger and Judith Bush for helping to organise the service.

News from the Pews

Relief all round ... the day of the Summer Fair stayed dry. We had heard all week how it was going to rain on Saturday. Yes, it did rain, but not until the evening when we had all gone home to recover from the days' events. All the coconuts had been won, the last football kicked, or thrown, at the loo, raffle prizes distributed, the food eaten and the church left tidy for services the following day. A very tiring but satisfying day.

We could not manage such an event without the generosity of time and help given by kind friends not always connected to church. They each went

CHURCHES UPDATE

Methodist/URC Update

The summer is now upon us but work by the joint steering group from the churches continues as does the work of our Project Enabler, David Crouchley.

At our last meeting we discussed the timescale, planned consultations and made arrangements for meetings through the autumn so that everyone can share their views about the proposed new building to replace the URC on Main St. We have a long way to go, many hoops to jump through but we are on our way.

We would like to ask everyone for

their "two penneth" now we have decided to move forward together as whatever we build is for everyone. All the churches, community groups, shoppers and traders alike. If you would like to share your vision for the new building then please feel free to drop letters through my door at the URC manse on Main St or email David at

david.crouchley@btopenworld.com

by the Sunday 6th September in time for our next meeting.

All the best, Carole Marsden on behalf of the Joint Steering Group.

"Drop in and Relax" weekly classes which will run in the Centre every Friday morning from 9.30am to 11am starting September 11 until and including October 9. The classes will offer a breathing space with gentle exercise, mindful movement, breath and body awareness and maybe a little guided meditation to ease us into the weekend. No previous experience of meditation & relaxation is necessary to take part in these classes, all are welcome, whatever their experience or practice.

The classes will be run by Helen Towers who has been practising meditation and yoga for over 10 years and founded her company 'Relax and Just Be' in 2014. Helen is currently running Relaxation and Mindfulness

workshops throughout the South Lakes and for Cumbria Adult Education. She is a relaxation and Mindfulness Coach for Dignity in Dementia - a local social enterprise, and is also sharing Relaxation, Meditation, Mindfulness and Movement sessions with local charities and organisations such as Age UK, South Lakes Carers, Unity and St Johns Hospice. The classes at The Meditation Centre will cost £7 drop-in or £30 for all five sessions.

Spa. The young rocket scientist somehow managed to mix up his washing, putting red socks in with his white shirts. The result: pink shirts! The young secretary took pity on the rocket scientist & helped him bleach his shirts white again. (I mean it not rocket science!)

Who'd have thought that that "chance meeting" & a simple act of kindness would have lead to a marriage that has grown & flourished for 50 years; resulted in 7 children, numerous fostered children & 9 grand children so far. Has survived & grown through 6 changes of address, a major change in career (scientist to vicar), numerous situations with children, educational, emotional, undiagnosed disabilities & illness's, & the loss of both of their parents.

How does this marriage not only last, but thrive & grow through 50 years?

To answer that question, let's return to that launderette. From the pink shirt disaster grew an friendship & with any friendship you start to talk about things that are important to you, things that you hold dear. So eventually the secretary began to talk about her faith in Jesus Christ. Well, to the scientist Christianity appeared nonsensical, illogical & foolish. He tried to convince her of the error of her thinking. But however persuasive his arguments, she wouldn't change her mind, & would say, "It doesn't matter what you say or how good your arguments, I know that I'm right & you're wrong!" Frustrated, I'm sure the scientist thought, "How could this secretary continue to ignore all my reasoning & compelling arguments?"

And then he had a Eureka moment... He would use the Bible against her. He'd read it & knowing all the weakness's of her faith - he'd be able to convince her that she was wrong from the very book she read... She'd have to believe him then!

So he set out to read the New Testament to prove her wrong, but something happened along the way. Somewhere between Matthew's gospel & the book of Revelation, his heart changed & he became a Christian. It wasn't rocket science, it was a miraculous act of grace!

And so began the relationship that would define my parents marriage - a relationship with God. Does that mean that everything was hunky-dory from then on? No, but the

relationship that they had with God, a covenant relationship based on the promises of God was mirrored in the marriage promises they made before God to each other. Although it was tough sometimes they have managed to keep their promises to each other, because God has kept His promises towards them.

So, you're probably wondering, how bad did the marriage get? What major hurdles did they have to overcome? Well my parents have always been open about everything, & in serious conversations with parishioners would humorously put it this way, "If difficult or trying situations arouse, that caused us to argue, we would never think about divorce! Murder, on the other hand! "

How about raising children? Well Susan used to say to me that as I was their first child, they experimented on me. That's why I've always been a supporter of the vivisection lobby... Any experimentation on animals or children should be outlawed ;)

Seriously, how do you support with a child, adopted from Vietnam, who has bullet grazes on her scalp & PTST which causes her to scream & cower every time she hears a pneumatic drill. Or a child who seems to be a normal healthy child when born, although a bit quiet, only to discover he's got a diseased kidney that is killing him & he has to have it removed in the next 2 weeks, otherwise he'll die. What about a cheeky little son who grows up to be more cheeky & just a little bit rude, but at aged 14 is diagnosed with 90% hearing loss & all those times you thought he was cheeky or rude - he couldn't hear you. What about the extra blessing of pregnancy in later life that brings about such a wonderful little chap, but who isn't diagnosed until his teenage years with dyspraxia - & now turns out to be

DENTDALE CHRISTIAN FELLOWSHIP

*Weekend Festival in the Dentdale
valley: All welcome*

DentDale Christian Fellowship would like to invite you to join our Christian Festival from Friday 7th - Monday 10th of August 2015 at Dent.

This festival is an expansion of our gatherings, where we meet monthly to encourage each other in our Christian walk. We will also be holding a number of different events designed to ignite, encourage and to develop your relationship with God and each other. We have put together a programme of activities to suit all and here is a taster of them

Perhaps the Saturday morning,

Men's breakfast or the Ladies garden party will bless you? The speaker at the Friday evening meal and

Saturday afternoon tea party will be sharing stories from her very successful recent "Laughter Tour"

What medicine laughter is for lifting our spirits!

If you have young families you may want to come along to the Saturday messy craft session and pizza and ice cream tea or to the bouncy castle and soft play area on Sunday and Monday afternoons.

Come along and see the CMA bikers and their display of bikes on Sunday morning and join in Church with a difference!

Saturday evening's speaker will surprise and intrigue you with his personal story of power and healing, redeeming him from crime to preacher.

Sunday evening we have a very talented local musical family, who will lead us into a time of exciting worship and fellowship and Monday evening we welcome back a familiar local preacher to the area.

Or perhaps you just want to relax and unwind in our café and meet and chat with others. There really are sessions for all; men, women and children.

For full details of our events and programme please see Page 12, our website www.dentdalecf.co.uk or ring 015396 25212.

Camping is available at the Millbeck site at Dent.

Bookings can be made for the festival and / or camping on the website or tel no above.

DENT EDUCATIONAL GRANTS

Students or potential Students under the age of 25 years are invited to apply for a grant in respect of the academic year 2014-2015.

You must have attended Dent C of E Primary School or your parents must presently live, full time, in the Parish of Dent with Cowgill.

Grants are made in respect of study at any School, University or Institution of Further or Higher Education approved for the purpose by the Governors. The money awarded may go towards, for example: accommodation, equipment, reasonable travel expenses, field courses and placements essential to the course of study. Governors have the power of final decisions under the rules of the Charity.

The number and size of grants will be decided at the September Committee meeting, when the amount of funds will be confirmed, and grants made available in October 2015.

Applications forms can be downloaded from <http://www.dentdale.com> or directly from the Clerk:

Miss D M Vernon, Clerk, Dent Grammar School Educational Foundation, The Laning, Dent, Sedbergh, Cumbria, LA10 5QJ

Email dqsef1@yahoo.co.uk

Closing date- completed applications to be with the Clerk by midnight Friday 11th September 2015

NB – applications arriving after this deadline will not be considered.

PEOPLES GYM & FITNESS CENTRE

We are now getting so close to opening the Gym to all you people out there desperate to have access to this wonderful brand new facility.

BUT as the final bills start to come in and we realise what other equipment we need to actually be able to open, we can see that there is still a shortfall.

Certain individuals are being extremely generous and one such is Simon Shaw. His business, Lakes Scaffolding, was contracted for the scaffolding for the construction of the Gym. Amazingly he has made a donation of the cost of the scaffolding of £2,500, and not only that, the People's Hall can claim Gift Aid so

Simon has enabled us to claim a further £625 from HMRC – that has to be a good thing! This is such a kind gesture and we are very grateful.

However, even that will not cover the final shortfall and we REALLY need more people to get on board with some serious fundraising. You will remember from last month's newsletter that we have raised a total of £1,180 from GymAid2, a generous donation from Howgill Harriers and a coffee morning at No 6. Gina has matched this to bring our funds up to £2,360, but her offer is still there to match our fundraising up to a total amount of £5,000. Therefore we still need to raise £3,820 and with Gina's match funding that will be doubled to £7,640! SO GET YOUR THINKING

Important dates for your diaries

Open Day 16 August - The Open Day is on Sunday 16 August, from 10 a.m. to noon and from 2 p.m. to 5 p.m. This is a day for you to come on down to the Gym, see what a great facility has been built for us, see what equipment we have, see what equipment we still need and how much money we still need, and find out about subscription rates and how to join.

Quiz Night 25 September – There is a Quiz Night on Friday 25 September 2015 at 7.30 p.m. in the People's Hall, when our quizmaster will be none other than our very own Woody (who else?!). Please phone Sandra

on 07850 378 370 for further details.

We are hoping to have the gym open for business on 1 September, but this date is still to be confirmed. We will be able to tell you for certain at the Open Day, you will also be sent a newsletter with the date in and it will be announced on Facebook.

SKATEBOARDING PARK

Last month we reported on progress towards the establishment of a Skateboarding and BMX facility on the sports-field. At that time a site adjacent to the children's play-park on the Northern side of the field was the preferred option. In subsequent discussions with Council representatives it has been decided that a better site would be on the South side of the field to the West of the new Gymnasium. Plans are being drawn up on this basis for the park which will be less obtrusive and impinging less on the football pitch and associated areas.

There will be a public consultation on Wednesday 9 September. During the day from 9.30 am - 1.00 pm there will be a manned stand in the Joss Lane Market. From 6.00 pm - 7.30 pm the stand will be in the People's Hall and at 7.30 pm there will be a presentation followed by a question and answer session.

The National Fraud Intelligence Bureau (NFIB) has received intelligence regarding two new Lottery Fraud letters/email attachments (Scam 1 & Scam 2) using the 2016 Rio Olympics as a theme.

The scams try to trick people into believing they have won the following:

Scam 1: An online lottery prize of £650,000 and a trip to Brazil to watch the Olympics as the recipient's email address was chosen out of a possible ten million at random.

Scam 2: An online lottery prize of £820,000 and a trip to Brazil to watch the Rio Carnival and the Olympics as the recipient's winning numbers 8 17 34 38 42 and 51 were selected.

In order to collect the winnings the

- No official lotteries that we know of contact people to tell them of their win.
- We do not know of any official lottery operators who ask for fees to collect winnings. Any request for a fee payment is a good indication that someone is trying to defraud you.
- Never disclose your bank details or pay fees in advance.
- If they have provided an email address to respond to, be very suspicious of addresses such as @hotmail.com or @yahoo.com or numbers beginning with 07 because these are free to get hold of.
- Genuine lotteries thrive on publicity. If they ask you to keep your win a secret, it is likely to be a fraud.
- Many fraudulent lotteries have bad spelling and grammar – see this as a warning that fraudsters are at work.

neighbourhoodalert (Fraud)

People looking for a cheap designer bargain online are being targeted by fraudsters advertising fake designer goods. The items received are usually cheap and inferior counterfeits of handbags, clothes and sunglasses amongst other things. The general rule is 'if it looks too good to be true then it probably is.' Designer products sold at heavily

discounted prices are an immediate sign that something isn't quite right.

What can you do to protect yourself?

- Where possible, buy from well-known, High Street retailers. If you've never heard of a firm, or it is based overseas, be sceptical.
- Avoid paying by cheque or bank transfer. Use PayPal or a credit card as they will give you additional protection.
- Search the internet. Type the website you are buying from and look for reviews of what others customers are saying about the company. Bad customer service feedback usually finds their way online quite quickly.
- Check for spelling mistakes or poor grammar on websites as this may suggest the website has been put together by a fraudster.
- Sign up to Action Fraud Alert at <https://www.actionfraudalert.co.uk/> to keep you updated with what's going on.

If you believe that you have been a victim of fraud you can report it online http://www.actionfraud.police.uk/report_fraud or by telephone 0300

FIRST RESPONDERS

It was a very enjoyable afternoon at Finkle Street Fun, speaking with people to raise awareness of what we do and some showed an interest in joining the team. Many thanks to those from St Andrew's Church who kindly allowed us to be in the churchyard, where we raised funds with a small raffle and a sale of delicious cakes. We cannot function without donations from generous groups and individual people, and because of this generosity we have purchased more vital equipment. There have been significant donations from the British Heart Foundation, Sedbergh W.I., Sedbergh Parish Council, Sedbergh Community Trust. We have been fortunate in

receiving private donations too, and these will be acknowledged in due course. The red collection boxes dotted about town have yielded wonderful amounts. Thank you all so much.

Now we are well and truly ready to go. Nine volunteers have been successfully trained and passed the assessment by North West Ambulance Service, three more are awaiting training and one person is to be interviewed. Anyone who is interested in finding out more, either as a responder or in a supporting role, please phone Andy Cobb (22541). All will be very welcome.

We are commencing monthly training sessions this month to maintain learnt skills and gain support from being part of a team. Community First Responders are deployed at the same time as an ambulance and assist the patient and family if they wish. These patients are classed as a high priority, so it is important to keep up the techniques we were taught and practice them on a regular basis. We will have the opportunity to learn from each other's experiences but always bearing in mind we are strictly bound by confidentiality at all times.

FAMILY MUSINGS

Life can be odd at times, everything can go smoothly and then suddenly WHAM nothing goes smoothly, a bit like that saying, " Life is queer with it's twists and turns, as all of us sometimes learns". In a supermarket recently I saw a small child overcome with frustration fling themselves on the floor and scream, know what? I felt quite envious, they had no inhibitions about venting their feelings.

We live in a beautiful part of the country, some of us were born here, others have made the choice to come and live here, there has to be a certain amount of care over future development but surely not to the detriment of the future of the area? I

do wonder if some of the people who sit on planning committees see further than the Now or see the area as some sort of museum in the future. No future for young people, no businesses, no expansion, just green fields and tumbled down barns and possibly an aged population. A sad thought.

Caring is hard. Whether it is looking after a person, a building, a committee, yourself or your family there are sometimes hard decisions to be made and difficult choices. Gardening is a relaxing hobby and my writing takes me into a different world, not that there are no difficult situations or people in my writings for they have to be true to life, mores the pity sometimes!

Going to M's at Hull I drive past a business which has a couple of Giraffes looking over the fence, what a great landmark, no one would ever get lost again if we had them near the road. . I wonder. . probably couldn't afford them or what it would cost in transportation!

School is out for summer, people are on holiday and others juggle childcare and work, enjoy your family times.

We will soon be relying on you again so please confirm or otherwise, that you can help again this year. **We also need new collectors** as Father Time deprives us of some of our best collectors each year. The warm welcome and generosity of local households more than offsets the cool October weather. Most people believe that veterans who have served in any of our armed forces and therefore maintained our freedom and who now may be in need, deserve our support if they are in need, and those who made the ultimate sacrifice must be remembered. **DRIVING THE
WESTERN DALES BUS**

The Western Dales Bus is now in its third year of operation and is becoming a regular feature on local roads, running three services a week on Tuesdays, Saturdays and Sundays. Time-tables for all these routes, including the new Sunday service to Cautley, can be found on our website:

www.westerndalesbus.co.uk as well as at bus stops, libraries and information centres.

This community bus service is run entirely by volunteers. Barbara Allwright is one of our volunteer drivers, and has written about three shifts she drove recently. Her Driver's

Diary gives you a flavour of what it was like:

Service 564A 27th June: Saturday morning Shift.

What a busy day: Dent Music and Beer Festival, Sedbergh Street Market, the Coast to Coast Cycle Race as well as the usual number of passengers wanting to go into Kendal. At Dent Station there was more than a bus load of passengers waiting to go to the festival, but another minibus laid on by the festival organizers picked up the ones we couldn't carry and so nobody was stranded. Going into Kendal, we passed lots of cyclists, spotting cyclist number 997, and then we had to overtake them on the way back! But they helpfully pulled across even on the steep hills to allow us to pass. The weather was good all day, and even though the going was sometimes slow, everyone got to their destination.

Service 564A 4th July: Saturday afternoon shift

Much calmer than last week, and it was much easier to keep to time. A new driver Scott accompanied me for the first part of the journey to get used to using the ticket machine, ready for his solo drive on Sunday. The hedgerows were benefiting from the rain and lots of flowers and new growth on the trees made it a wonderful day. A huge group went back to the station for the evening train, having walked to Sedbergh. They were a happy lot.

Service 564A 12th July: Sunday shift

Lots of people on the roads, bikes, walkers and drivers. Unusually I met

someone coming down the station hill as I was going up, and a massive 54 seater coach on the narrow roads en route to Sedbergh. My last passenger from the train was carrying two enormous bags of plants which he had bought at the market in Kirkby Stephen. It looked like the flowers of the hedgerows which he was going to try and create at home.

Would you like to join Barbara as one of our drivers, or become one of our helpers behind the scenes? We welcome help from anyone with a few hours to spare, and we offer training and support to all our volunteers.

For information on how to become a volunteer with WDB contact Liz Nuttall on 015396 25571 or by emailing liznuttall@talktalk.net.

The People's Gym & Fitness Centre

One of Sedbergh's sons has donated £2,500. Instead of charging for his work on the Gym annexe he has donated the cost of his work to the building fund. We are extremely grateful to Simon Shaw of Lakes Scaffolding for his generosity. Please see the Gym pages in Lookaround for more details and a progress report.

Other News

The Old Time dance on 20 June raised nearly £200 for the general funds. The next dance is on 24 October 2015 with Brian Griffin playing. The Coffee Morning held on Wednesday 8 July 2015 was well attended and netted over £300 towards the general funds. Many thanks to the baking ladies and the helpers.

The remaining wooden cladding between the refurbished front and side entrances has been removed and wet dashed to match the rest of the building. The Hall's side elevation from Howgill Lane is now matching and smart. This work was paid for from the donations to meet the shortfall in funding of the refurbished main entrance area.

AGRICULTURAL INSURANCE

The agricultural industry has found its self under increasing scrutiny from regulatory bodies and governing agencies. Agencies have become more robust in their investigations, and customers and suppliers more inclined to make a claim. Yet the protection available to the agricultural industry and specifically managers, owners and directors, has remained at an inadequate level.

Legal expenses policies offer only a partial solution, leaving partnerships and sole traders without the insurance essentials management liability offers. This can make pursuing a trespassing offence or defending against regulator action for example difficult.

Already under financial constriction due to large operation costs, overheads, and the need to be competitive, this presents a big problem in the industry.

By working towards a product that is designed exclusively for rural businesses, they are able to keep the kind of risks faced by the industry, such as the costs of investigations from DEFRA, Environment Agency

and other major UK enforcement agencies, firmly in their focus.

The result is Rural Protect - an invaluable, market leading product developed alongside globally renowned insurance provider AXA, which is now available in your area via J N & E Capstick Insurance Consultants.

Featuring free and unlimited legal advice from leading law firm rradar, it's anticipated that Rural Protect will strengthen the level of insurance protection for rural businesses, giving those operating in the sector the strength and support to tackle any issue they may face in the future.

AUGUST GARDENING

The garden in August is at its most exuberant with climbing plants such as *Clematis* and Honeysuckle sending out long new stems, and rambler roses finishing their flowering and preparing to put their energies into the new shoots which will bear next year's flowers.

I like to prune ramblers such as 'Albertine', 'Seagull', 'Blush Noisette' and 'American Pillar' immediately after flowering is over. This way plants can be cut back quite severely to keep them within a reasonable space, as there is plenty of time for new shoots to grow and be secured before winter's gales take their toll. Aim to prune out the oldest of the flowering stems to a new bud at their

base. You should remove at least half of the flowered wood every year to encourage the formation of fresh new stems as these will produce the most flowers.

Whilst tying in the tomato plants in the greenhouse – a weekly event at this time of the year – I was reminded of an excellent piece of advice which was given to me by an experienced nursery man: Always secure plants to their support by tying the knot onto the support, and not onto the soft plant stem. I generally use garden twine (Fillis) to tie in tomatoes and other soft stemmed things, and attach them with an open loop around the stem and a twist twice around the supporting cane with a knot at the back. This way the tie stays firmly in its place on the cane but the plant is free to expand and move a little in its place.

The same technique can be used for roses and other wall plants, particularly *Clematis*, which resent being manipulated. Remember, if you wish to garrotte something, always take it out on the trellis, wire or cane rather than the living plant material, and you won't go far wrong. *E Horne*

RAKES FOR HAYTIME

"They were very famous were Dent rakes, made by Billy Middleton and Ronnie Haygarth. In the joiner's shop in Dent, where Albert Fothergill's house is today, behind Rhumes where Marjorie Middleton lived, there was a big wood yard there, they could cut all their own trees, saw them up and then make the Dent rakes, and they were well known all over." -

KENNETH CRAGG born 1936

"I would sit meking rake teeth - you'd 'em all to hammer through, and I could put 'em in. You sharpened them, and you had the boules that you put in a head and through the handle, you had those to make and steam. You used to set boiler on and put them in there till you could bend 'em. You were lucky if they didn't split, they were awful. They'd just let you get 'em bent and then split up! There was a lot to a rake and we only got two and eleven for 'em, didn't we? They were only two and six and two and eleven pence, and all that hours and hours of work that went into 'em... You bought

FLOWER & PRODUCE SHOW

To all Sedbergh & District Groups and Organisations

The flower displays for the Late Night Opening in St Andrews have been enjoyed so much that we thought it would be lovely to have a similar event using garden flowers at the Sedbergh Flower and Produce Show on August 29th this year in The People's Hall.

It would be really good if as many groups as possible could take part. Our theme for this first year is a garden flower arrangement. It could be a traditional arrangement of mixed flowers in a vase, bowl or bouquet or an arrangement on a theme. This year the school children are growing sunflowers so you could provide a fun display of sunflowers. The choice is yours.

These displays would be for pleasure only – so no prizes!! (But if you'd rather submit a display for the flower display category and win a

prize that would be great also – the more flowers we have the more enjoyable the Show)

Perhaps you could let Barbara know if you will be able to submit an entry for the display and we will allocate a space with a label to credit your organisation.

DENT GALA.

Having been part of this much loved annual local family event since I was a little girl and my Mum would rig up step ladders each side of our garden wall so she had a short cut to the field, my love for it and my willingness to work hard has not diminished. I am well aware of changing times, new ideas and opportunities, it still remains the main fund raising event of the year for the Dentdale Memorial Hall, keeping room rents down and helping with upkeep. Recent work has really improved the Sedgwick Room as a meeting place and we plan to mark its refurbishment later in the year.

As well as teas and coffees, soft drinks and BBQ we hope to have a bar this year so the burgers can be enjoyed with a beer. WI teas are always much enjoyed and will again be inside the Hall, more activities for little people are planned as are places to sit for those unable to get up off the grass very easily! Do come, have a pillow fight, try to win a bottle of wine, buy the "white elephant" you never knew you needed and enjoy what I consider to be 'a grand day out'. (see Gala advert Page 31.)

SEDBERGH GETS SPOOKED!

Now listen carefully: tell your friends, children, in-laws etc that you will *not* be available on the evening of August 21st 2015, because you will be at St Andrew's Church, Sedbergh to see and hear one of the funniest, most outlandish, most bizarrely enjoyable nights of truly excellent ringing harmonies you are ever likely to be

lucky to attend. Of course, you could bring the children, relatives with you. But for goodness' sake, be there - early: this group of Aussie Men with huge voices and mighty presences has a literally worldwide following, the place is very likely to be packed and gagging for more.

When **Spooky Men's Chorale** came to the Sedbergh Festival for the first time three years ago, it was one of the most memorable nights we have had in the Festival's history. We were truly gobsmacked both by the variety, fun and skill in their singing, the whole weirdly comic stage act, but also by the number of fans they brought with them from all over the North, and, of course, the number of new fans they made on the night.

The Chorale celebrates in dead-pan song what it is to be a man having tiny man-triumphs and the many man-crises. They get very hurt if you don't take them seriously. Which can be difficult.

Tickets are £15. They can be bought in advance at the Sedbergh TIC or online at:

Seriously, do book early to avoid disappointment. *Stuart Manger*

LAURA'S LOOM

Since opening at 16 Back Lane, Sedbergh in March, Laura's Loom has gone from strength to strength and has had many visitors drop into the Loom Shop on a regular basis.

This has been recognised by the BBC who in July, under the cloak of secrecy, filmed Laura - and others - which is scheduled to be aired in the Countryfile Programme on Sunday 2nd August.

SEDBERGH & DISTRICT HORTICULTURE SHOW

The Sedbergh and District Horticultural Show, which has been partly revived as the Flower and Produce Show this summer, began in 1951, according to Royal British Legion account books, and we believe it finished in 1981. Also, as Mrs Margaret Millburn says, the event was revived partly as the Sedbergh Spring Show in 1996. However, the vegetables are missing at this time of the year.

It was called the Sedbergh and

District Horticultural Show, and was staged in late August or early September, was run in aid of Royal British Branch Funds; 'all profit from the Show and Auction Sale afterwards go toward the local Branch Funds for exclusive use on local benevolent work. All this good work is done on a confidential basis, so that it is not known to the general public. It includes obtaining pensions for ex-Serviceman and their dependants, the granting of special financial aid in time of need, and other similar cases where assistance is needed.'

However in 1965 the 'Sedbergh Flower Show', organised by the Royal British Legion in the People's Hall, was in aid of the 'Over 60's Party Fund'.

Prizes amounted to over £50 and Silver Cups and Trophy Medals and special prizes were awarded. Also first and second prizes were won for adults and children in all classes. By 1981 entry fees were at 10p for adults and 5p for children. All classes were confined to residents of Sedbergh

SEDBERGH BRITISH LEGION HORTICULTURAL SHOW

SEDBERGH ENTRIES SET NEW RECORD

A record number of entries and a very high standard of exhibits reached the annual Sedbergh and District Horticulture Show held at the People's Hall on Saturday.

The show is organised by the Sedbergh and District Branch of the Royal British Legion and the Flower Show Society, and the proceeds are for the local B.M. Service Memorial Hall.

The special awards were presented by Mrs. J. Teal, wife of Mr. S. Teal, and of the chair of the day. The prizes were presented to the winners of the show.

and District. There were classes for flowers, horticulture, produce, needlework and handicrafts and special classes for children. There were usually over 70 classes.

Margaret and Gary Millburn, Jack Park, S Teal, J Ashburner, Jennifer Thornely, JR Mason & Margaret Mason and many others were winners in the past.

The 1981 show in was honour of the Diamond Jubilee of Sedbergh Branch of the Royal British Legion.

A gift stall was available at the Shows, to which exhibitors and friends were invited to bring flowers, produce and handicrafts for sale by auction after the show.

It is being revived by Flower Show

Committee and Barbara Hartley, its Chairman. Tom Attwood, an Old Sedberghian, will open the Show.

Norris Chamley and Rose Pease found the information for this article and Diane Elphick and Sedbergh and District History and Margaret Milburn helped as well.

SEDBERGH PLAYING FIELD
 On May 8 at a public meeting in the National School, a branch of the National Playing Fields Association was formed in Sedbergh by a unanimous vote. The provisional committee thus ceased to exist, and there was elected in its place a committee of twenty-three members whose names are undersigned.

The newly formed committee met immediately afterwards and decided to take measures for acquiring the four-acre field north-west of Highfield Villas and equipping it as a playing field for children up to the age of leaving school.

A special sub-committee was also elected consisting of Messrs. George Hall, A. Braithwaite, R. Metcalfe, H. D. Mountain and W. H. Wilson with authority to negotiate for the purchase of the field.

The two headmasters who are responsible for the education of most of the children in Sedbergh would wish to assure every parent that a playing field for children is a vital part of their life. With-out it they cannot have the full advantage of organised games, whose value for children all should recognise.

The committee wish to add their conviction that motor traffic is bad enough and will be worse. A central field will provide for the children a safer and better playground than the road.

We are endeavouring to raise locally a sum of at least £450. Towards this £150 has already been promised. We can count on the Carnegie and National Playing Field Funds between them to add £1 to every £3 contributed locally. The total thus obtained would cover the cost not only of purchase but also of a minimum equipment for the children's games (net-ball and cricket tackle, swing, sea-saw, sand-pit, seats, and shed).

Sedbergh is a growing town, fields become more difficult to find and more expensive to purchase. Will you

help us to put this thing through now before it is too late? We appeal to all who would like to see the children of Sedbergh given every chance. Here is the opportunity of helping to secure for them a playing field that, once acquired, will be theirs for all time.

SEDBERGH PLAYING FIELD

Rules and Regulations

1. The playing field shall be open for all residents of Sedbergh but no sports club as such shall be allowed to use the ground
2. The field shall be open from 8 a.m. until one hour after sunset but no games of any description shall be played on Sunday.
3. The Children's (or Northern) Section shall be reserved as a playground for all children under 15 years of age, and the rest of the field shall be for the use of adolescents.
4. The small swings and seesaws and the sandpit are only to be used by children under 8 years of age, and the large swing and seesaws by children under 15 years of age. No standing up in any of the swings shall be allowed.
5. All appliances on the field shall be used in a reasonable and proper manner.
6. There shall be no improper behaviour or interference with the comfort or pleasure of any person using the field.
7. Every user of the field shall refrain from spreading litter and shall assist in keeping the field tidy.
8. Anyone climbing or damaging the fences or apparatus or doing any injury or damage to the field or property shall be held liable for such damage.
9. Any member of the Committee or other person duly appointed shall have power at his discretion to enforce these rules and regulations, and the Committee may exclude from the field any person guilty of any serious offence or of repeated breaches of these rules.

Approved by the Committee, 7th December, 1929.

COMMUNITY OFFICER REPORT

Logs of note for the Sedbergh area.

17/06 - Suspicious vehicle seen in the Killington area.

19/06 - Cash was stolen from a licensed premises in Sedbergh.

27/06 - ASB was reported in the area of Dent.

28/06 - Concern for safety of a male in Dent.

28/06 - ASB was reported in the area of Dent.

28/06 - Parking issues reported in the area of Dent due to the amount of vehicles attending/leaving the Beer festival.

04/07 – ASB loud music was reported in the Sedbergh area.

15/07 – Caller reported her door handle tried late on in the evening, this has happened on a few occasions. Make sure your house is locked and secured at all times.

16/07 – Criminal Damage has been caused at the play park, the window on the hut in the play area

has been broken. Litter has been left next to a bin which is provided for your children. We will be speaking to the children who are using the play area late in the evening and taking their name if engaging in anti-social-behaviour.

The ITS YOUR CHOICE scheme is a five stage process which the police use to deter youths from engaging in anti social and/or criminal behaviour.

The five stage process is as follows:

Stage 1 - sent a letter. The letter informs the parents/guardians when, where and why the police have had cause to speak with the young person. If within 6 MONTHS another incident occurs involving the same young person it will activate:

Stage 2- The second letter explains that the police have spoken to the young person on two occasions, it highlights the importance of trying to stop such behaviour.

STAGE 3- If within 12 months of the original incident there is cause to stop the same young person a third time, a home visit is carried out to speak with the young person and their parent.

This may involve other agencies.

STAGE 4- If a young person has their name taken a fourth time, a referral will be made to the Prevent and triage Panel.

STAGE 5-If the young person is still coming to police attention after the intervention stage we will then look at enforcement.

16/07 – Caller reported a road rage incident on Main St.

Sedbergh Legion holds diamond jubilee show

In the year of their diamond jubilee, Sedbergh branch of the British Legion held a successful horticultural show in the People's Hall on Saturday.

In spite of poor growing conditions earlier in the year standards were extremely high. Mr J. Park was the most successful exhibitor amassing a total of 69 points and also winning the best horticultural exhibit with his prize leeks.

Mrs M. Milburn was awarded most points in the flower and handicrafts sections and her begonia plant was awarded a special prize.

At the end of the show exhibits that had been donated were auctioned by Mr R. Harper.
